BOOK SYNOPSIS

Leadership is more than having a knack for predicting trends, a head for numbers, or years of experience to draw upon; it is also about intuition. This upcoming book is for managers and executives who are looking to sharpen their leadership capabilities, and who have the courage to learn more about themselves and how to use their instincts to lead others. The core of this practical book is comprised of ten "laws" of leadership that author Peter McGinn, a healthcare CEO, has developed in his more than twenty years of experience.
